Dear Chairman Cole and Ranking Member DeLauro,

I am requesting FY2027 Community Project Funding for the New York State Metropolitan Transportation Authority's (MTA) Spring Street / Eighth Avenue Station ADA Upgrades. The entity to receive funding for this project is New York State Metropolitan Transportation Authority, located at 2 Broadway, New York, New York 10004. The funding would be used to bring the station into full ADA compliance by installing elevators and other related improvements to provide accessibility for customers with disabilities. The project is an appropriate use of taxpayer funds because ADA station upgrades improve station accessibility and the quality of life for people with disabilities, seniors, and parents with young children who rely on the station. ADA station upgrades are estimated to increase subway ridership as well, which reduces the transportation costs for both customers and the MTA.

The project has a federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Goldman'.
