Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Urban Climate and Resilience Research Center (UCRRC) in Fiscal Year 2027. The entity to receive funding for this project is New York City College of Technology, located at 300 Jay Street, Brooklyn, NY 11201. The funding would be used to establish the core infrastructure for the Urban Climate and Resilience Research Center (UCRRC), enabling City Tech to build a centralized research hub. New computing systems will significantly expand the college's capacity to conduct cutting-edge, community-engaged research in the coastal zone. The project is an appropriate use of taxpayer funds because findings will directly help refine public vulnerability indices for coastal flooding and extreme weather events. All studies will be co-produced with the community and shared with stakeholders and New York City policymakers.

The project has a federal nexus because the funding provided is for purposes described in the Coastal Zone Management Act of 1972 (16 U.S.C. § 1451 et seq.).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Goldman".

Dan Goldman
Member of Congress
